

Important Message

I regret to inform everyone that we are “cancelling” the Soo Locks Lighthouse Cruise add-on. The numbers that we were likely to get would not justify hiring the shuttle to drive us to Sault Ste. Marie.

On a lighter note, we are planning on changing this to a caravan add-on. In other words, instead of hiring a shuttle we will be asking those that drove to the convention (and who also want to go on this cruise) if they would be willing to take a few passengers with them. (The docks are in Sault Ste. Marie, about an hour drive from the hotel.) Passengers will be expected to pay a portion of the driver’s fuel cost and the toll to cross the Mackinac Bridge.

For those of you that do not wish to stay an extra day at the hotel (and want to leave for home after we get back from the cruise.....around 1:30 pm), you should be able to check out early before we leave to drive “Up North”. I have also spoken with Pat Bell from the Chamber of Tourism and they will have a van pick up our luggage to have it stored in the ballroom at the Mackinaw Beach & Bay next door to our hotel until we return from the cruise. They will also be providing an early lite breakfast for us since the hotel’s hot breakfast doesn’t start serving until 7 am. (Although a full breakfast is included with the cruise, this should tide us over until then.)

We will release more of the details about this once the convention gets closer but I wanted everyone to know the initial idea so that people can adjust their plans accordingly if they need to.
